## **Matsui Applauds Senate Introduction of Her Clean Energy Technology Manufacturing and Export Assistance Act**

WASHINGTON, D.C. – Today, Congresswoman Doris Matsui (CA-05) applauded Senators Mark Pryor (D-AR) and Tom Udall (D-NM) for introducing companion legislation of her Clean Energy Technology Manufacturing and Export Assistance Act in the United States Senate.

The Matsui legislation is part of House Democrats' "[Make It In America](#)" Agenda, and was passed by the House in the 111th Congress. Matsui, a member of the House Energy and Commerce Committee, reintroduced the Clean Energy Technology Manufacturing and Export Assistance Act as [H.R.](#)

"I applaud Senators Pryor and Udall for introducing companion legislation today to H.R. 502, the Clean Energy Technology Manufacturing and Export Assistance Act, which I reintroduced in the House of Representatives in January," said Congresswoman Matsui. "This legislation is a job creator, and will provide the much-needed manufacturing and export assistance to American small- and medium-sized clean energy companies. The Clean Energy Technology Manufacturing and Export Assistance Act will put innovative American-made clean energy products at the forefront of our strategy to create jobs at home, while boosting American exports

abroad.”
